MAYOR NAMES MEN WHO WILL REPRESENT CITY IN MUNICIPAL CONGRESS

Discuss Issues of Convention

Three Members of Citizens League, President of City Council, and Mayor Comprise the Committee which Will Act in Behalf of Coshocton — Constitutional Convention Will Be Told What Kind of Laws the Cities of Ohio Want Incorporated in State's New Constitution — Congress Meets January 24 and 25.

When the "municipal congress" of Ohio gathers in Columbus to discuss the issues of the coming constitutional convention on Jan. 24 and 25 Coshocton will be represented well.

Mayor Cassingham Thursday appointed the following well known and prominent citizens to represent Coshocton at the municipal congress: F. E. Pomerene, C. B. Hunt, C. B. McCoy, all members of the Citizens league, A. E. Riley, president of council, and Mayor G. W. Cassingham will act as ex-officio member of the committee.

The convention is one of the most important gatherings of representatives from municipalities of Ohio that has been called together for years and issues of live interest will be discussed and threshed out clean.

The convention will discuss suggestions offered by various representatives what should be drafted in the new state constitution that is needed by Ohio's municipalities. These questions will be presented and looked into from all sides. At the end of the convention resolutions will be passed and recommended to the constitutional convention for passage.

Some of the biggest and foremost men in the state of Ohio will attend the convention of the representatives from Ohio's municipalities. Coshocton will be as ably represented as any of the other cities, it is safe to state, and the welfare of Coshocton will be looked after.

Murderer Sentenced

Don Moreland of Newark was sentenced to serve 12 years in the Ohio State penitentiary by Judge S. H. Nicholas in the Licking county common pleas court Wednesday afternoon, for the murder of Elsie Henthorne, aged 14, a Pataskala school girl, last March. Judge Nicholas of Coshocton, declared that he believed Moreland attempted to assault the girl. The court described the defendant as a cunning and crafty degenerate.

Moreland was submitted to an examination by three physicians in the Licking county jail last Tuesday to determine on his sanity. One of the physicians was Dr. Barcroft of Coshocton. The man was pronounced a degenerate.

NEW ROAD MAY MEAN DIRECT ROUTE TO MARIETTA AND TOLEDO SOON

Wally Road's Name Has Been Changed

New Years Sees Many Changes in Coshocton Railway Service — Pennsylvania "Central System" Runs Straight Through Here—Valley Road Is Now the T. C. & O. R. R. — Cut Off Between Birds Run and Morgan Run May Give Coshocton Through Passenger Service to Different Points Within the Year.

With the same railroads as heretofore, yet Coshocton now has some new lines, due to the fact of the changes in names and managements of some of the Pennsylvania properties.

The new year sees the passing of the old "Walhonding Valley" road. That road is now the Toledo division of the "Toledo, Columbus and Ohio River Ry." This new name embraces not only the old "Valley" line from Coshocton to Mansfield and to Toledo, but also the old Cleveland & Marietta line from Valley Junction down through Newcomerstown and Cambridge to Marietta and the old Sandusky Short Line from Sandusky to Columbus. The work now in progress on the 16 mile "cut-off" from Morgan Run to Bird's Run, diagonally southeast across Coshocton county, leads to the surmise that through passenger trains will be run from Marietta to Coshocton and Toledo before the end of 1912.

The old C. A. & C., a branch of which runs from Killbuck via Warsaw and Cooperdale to Trinway, is now the Akron division of the Penna lines, while the Cincinnati & Muskingum Valley, starting at Trinway and running south and west, is now the Zanesville division. All these roads now are a part of the new Central System of the Pennsylvania Lines.

Agent Webner of the local office of the Panhandle is busy getting up his annual report and it is gratifying to know that the passenger business out of Coshocton shows larger in 1911 than ever before. It is a constant and steady increase each year.

"Nearly everyone who travels nowdays" said Mr. Webner, "buys round trip tickets, and that of course doubles the sales. In olden days many traveling short distances paid fares on the train but the new two-cent law makes it cheaper for them to buy tickets at stations."

MAN WHO BROKE JAIL GIVES UP

Cheney Is Bound Over To Court Under $500 Bond.

ATTACKED NEWCOMERSTOWN COP

Leonard Cheney of Newcomerstown, who together with Wm. Pierce, broke jail at Newcomerstown on Dec. 29, went to police headquarters in Newcomerstown Wednesday morning and gave himself up. The police of Tuscarawas county have been looking for Cheney since his daring dash for liberty. The man was bound over to the grand jury in the sum of $500. Mayor Murphy heard the case Wednesday afternoon.

Cheney and Pierce were locked up on Dec. 28 charged with stealing a pocket-book containing a sum of money from the pockets of a traveling salesman in a Newcomerstown poolroom. They were locked up together in a cell in the city prison. When Marshal Tidrick took their in to the two men's cell he was attacked, knocked unconscious and bound while they made their escape. Pierce was recaptured later but Cheney managed to keep in the dark until Wednesday when he gave himself up to justice.

ALLEY SALOON CLAUSE STAYS IN ORDINANCE

Ordinance Committee of League Refuse to Repeal It.

LAWYERS SAY IT WILL HOLD

What was perhaps a final effort to have alley saloons in Coshocton was made Wednesday afternoon, when the matter was brought before the ordinance committee of the Citizens league by men interested and an effort made to have that section of the ordinance set aside, or exceptions made thereto. The committee stood firm, and declared that while it were possible that there had been and might again be, if started, alley saloons that were law abiding, yet for the best interests of the city there should be no saloons in alleys. This is largely as a police regulation — to have saloons fronting on regular streets in order that the police may more readily have access to them and see if closing ordinances are obeyed. If down an alley, there is too much temptation to give the ordinance ragged edges, and the committee has not changed a whit from its original plans as outlined in the ordinance. Lawyers who have carefully gone into the matter declare that the ordinance will hold as a police regulation.

The Citizens league, while keeping out of the lime-light, is an active body, and its executive board is frequently in session.

CLAY TP. WILL VOTE ON LIQUOR JAN. 26

Muskingum County Township to Have Vote Under Beatty Law.

Zanesville, Jan. 4—That part of Clay township outside of the village of Roseville will vote under the Beaty local option law on Friday, Jan. 26. The election will preced by one day the option to be held in Roseville on Jan. 27.

The date for the township election was set by the trustees at a meeting held Wednesday, after the petition of the "drys" for the election had been passed upon by Prosecuting Attorney Ribble.

Clay township, outside of Roseville, returned 23 votes for the drys and 22 votes for the wets at the county option election.

LOUNGED IN A SALOON CHAIR

Bar Keeper Says Chair Was Used By An Invalid.

The thoroughness with which the police are enforcing the new saloon regulative ordinance was evidenced yesterday when a proprietor was notified to call at the mayor's office because a chair was located in his bar room, and patrons were taking things comfortably.

The ordinance says that there shall be no chairs and tables.

The proprietor, who from the start has enthusiastically supported the new ordinance, explained that an invalid had been brought into his place while waiting for a cab, that had been called to take him home. The man was very weak and the proprietor gave him the chair that he uses at his desk—the law provides that seats shall be provided in all retail places behind the counter for clerks, etc. Then the proprietor went to dinner and his clerk neglected to take the chair back behind the counter, after the invalid was removed to his cab. The explanation was satisfactory.

So far there have been remarkably few abrasions of the ordinance, there being a wide spread disposition to adhere strictly to all of its sections, and most dealers are conducting their places rigorously within the law.

THIEVES GET AWAY WITH RICH BOOTY

Rob Newark Jewelry Store in Sight of Many Pedestrians

Newark, O., Jan. 4.—With a woman and little girl watching them as they worked, three burglars looted the jewelry store of F. J. Pratt of diamonds, watches and other valuables amounting to $10,000. The store is located in one of the main business sections of the city and the robbery was committed in view of passing crowds.

The yeggs gained entrance through a door at the rear of the store and went to the front window, which they stripped clear of its contents, putting their loot into oil sacks. Next they rifled showcases and drawers, securing many valuable articles.

As the burglars worked Mrs. J. W. Weakly and little Miss Hazel Swann stood in front of the window. Mrs. Weakly believed the men to be attaches of the store who were putting the goods away for the night. The little girl declared she believed the men to be burglars and said they were working just as she had read about in burglar stories.

When it was determined to call a policeman and the officer had come, the thieves escaped. They went east of this city and are being pursued by officers in an automobile.

Dentist Raid Not Success

Newark Dry Leader Heads Search of Alleged Speakeasy.

Newark, O., Jan. 4—A raid made on a search and seizure warrant sworn to by Mrs. Dora Blanch Emery resulted fruitlessly at the Bismarck cafe late Wednesday afternoon. Mrs. Emery is the wife of Dr. H. R. Emery, a dentist, who caused the raids several weeks ago. It was rumored that other raids would follow, but the failure of the officers to find evidence it is believed, will cause a change in the plans.

The warrant was issued by Mayor Swartz. A jeering crowd followed Dr. and Mrs. Emery, but no violence was attempted.

Licking county will vote for the second time under the Rose county option law Saturday.

SKATING STARTS ON WELLS' POND

Many skating parties are enjoying the ice on Wells pond south of the city. The ice is clear and hard and for the past few days many have frequented the place. The ice on the basins and canal is not hard enough to warrant the sport but with the continuance of a few nights of cold weather a solid sheet will be formed. A thin smooth layer has formed over the middle basin, the choice spot for skating, and excellent sport will be had in a few days. A cold wave is on the way east.

HAD BEEN DOCTORING A YEAR FOR ECZEMA

A Remarkable and Convincing Statement of the Success of Cuticura Soap and Ointment in the Treatment of the Pain, Itching and Burning of Eczema

"I, the undersigned, cannot give enough praise to the Cuticura Remedies. I had been doctoring for at least a year for eczema on my foot. I had tried doctor after doctor all to no avail. When a young girl I sprained my ankle three different times, paying little or no attention to it, when five years ago a small spot showed upon my left ankle. I was worried and sent for a doctor. He said it was eczema. He drew a small bone from the ankle about the size of a match and about an inch long. The small hole grew to about the size of an apple, and the eczema spread to the knee. The doctors never could heal the hole in the ankle. The whole foot ran water all the time

"My husband and my sons were up night and day wheeling me from one room to another in the hope of giving me some relief. I would sit for hours at a time in front of the fireplace hoping for daybreak. The pain was so intense I was almost crazy, in fact, I would lose my reason for hours at a time. One day a friend of mine dropped in to see me. No more had she glanced at my foot than she exclaimed, 'Mrs. Finnegan, why in the world don't you try the Cuticura Remedies?' Being disgusted with the doctors and their medicines, and not being able to sleep at all, I decided to give the Cuticura Soap and Cuticura Ointment a trial. After using them three days that night I slept as sound as a silver dollar for eight long hours. I awoke in the morning with but very little pain, in fact, I thought I was in heaven. After using the Cuticura Remedies for three months I was perfectly restored to health, thanks to the Cuticura Soap and Ointment. I will be sixty-four years of age my next birthday, hale and hearty at present." (Signed) Mrs. John Finnegan, 2234 Hebert St., St. Louis, Mo., Mar. 7, '11.

Cuticura Soap and Ointment are sold throughout the world. Send to Potter Drug & Chem. Corp., Dept. 12A, Boston, for free sample of each with 32-p. book on the skin.

Lauds Harmon

Sandles Declares Governor Worthy of Solid Support.

Columbus, O., Jan. 4.—At a conference held in the executive chamber and participated in by Governor Harmon steps were taken to strike back vigorously at those in his party who are opposing the governor for president. Among those who participated in the conference were the governor's secretary, George S. Long; A. P. Sandles, secretary of the state board of agriculture; Beriah E. Williamson, secretary of the state tax commission, and other attaches of the administration.

It was decided to give battle to those insurging Democrats of Ohio who have just organized to prevent the governor from capturing a solid delegation from the state and to injure him politically throughout the nation.

At the close of the conference, Mr. Sandles prepared a statement, which was given out, defending the governor from the fierce onslaught directed against him by the so-called progressives in his own party, and eulogizing his work as chief executive

MICE DAMAGING CATALPA TREES

The early snows this season will have a tendency to increase the danger of catalpa and mulberry trees being injured by mice. These rodents work more persistently under snow and their operations may not be suspected until accomplished.

During the winter of 1909-10, while the heavy snow lay on the ground, many catalpa groves suffered heavily. Owners reported to the Experiment Station a varying degree of injury. In some cases entire groves of tree were girdled.

Mice prefer to work where there is dead grass, weeds or debris of some nature in which to harbor, and a fall of snow makes this shelter more secure. In order to minimize the danger the grass and weeds should be removed from about the trees for a distance of one or two feet. Cavities sometimes occur about the roots of catalpa trees, caused by heaving through freezing and thawing. Such trees are subject to the greatest danger of injury, since mice prefer the bark of the roots to that of the trunk. Girdling below the root crown, if complete, kills the tree. A few shovelfuls of earth thrown about each tree, will help to eliminate the danger of injury. A drove of hogs turned in a grove for a time has in a number of cases been found to be successful in driving the mice out.

Owners of groves should watch closely for evidences of girdling. Should heavy snows and cold weather prevail many may find their finest trees ruined. In the winter of 1909-10 trees five inches in diameter were completely girdled in the catalpa grove at the Ohio Experiment Station.

While examining forestry plantations for mice and rabbit injury it would be well to also examine young orchard trees, especially those grown in sod or where there has been a heavy growth of clover, crop around the trees. Mounding the trees with earth or coal ashes is of some protection but where there is danger of injury an inexpensive tree protector is formed by cutting woven wire with one third inch mesh in pieces 18 inches square. This when rolled in a cylinder, placed around the tree and pressed into the soil, will prevent any rodent injury.

Bulletin 268 gives a full discussion of the protection of fruit trees and may be obtained by writing to the Experiment Station, Wooster, O.

CHILDREN INJURED

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associate bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies in Coshocton only at our store.—The Rexall Store, Siegrist & Williams.

THREE CENTS OR WALK

Toledo Citizens Adopt Slogan in Streetcar Fight.

Toledo, O., Jan. 4.—The Toledo Street Railroad company has not decided upon what course to pursue with reference to the 3-cent fare ordinance passed by council and which it is expected will receive Mayor Whitlock's signature today. It is hinted that service may be discontinued on the 14 lines on which the franchises have expired, which would practically stop all service in the city, or that certain stockholders may ask for the appointment of a receiver. In several office buildings walking clubs have been formed, the motto of the members being "Three Cents or Walk." It is proposed to organize a central club which will embrace organizations in wards and precincts throughout the city.

Senator LaFollette outlined his policy for dealing with the trusts, and declared that their gradual effacement was desirable. To squeeze all the water from the trusts by one quick move would, he said, result in a disastrous panic.

Phelps of this city, who is suing the Ohio Oil company, the Buckeye Pipe Line company, the Solar Refining company and the Standard Oil company for $100,000 damages, won a victory when Judge Scofield of Marion mailed an entry in the famous case to this city, refusing to strike Phelps' supplemental petition from the files

Offers Reward For Bride.

Newark, O., Jan. 4.—John McQueen, 70, a civil war veteran, offers $1,000 reward for the recovery of his bride of three months, who was 19-year-old Josephine Clark of Thornport. Mrs. McQueen came to Newark to visit relatives and shortly afterwards disappeared.

Say City Clerk Short.

Columbus, O., Jan. 4. — The state board of inspection returned findings of $1,820 69 against W. D. Hanna, city clerk of Shelby. Examiner C. F. Lippincott charges that Hana collected for the city $25,037.63, and only deposited in city treasury $23,416.94.

Moreland Sentenced.

Newark, O., Jan. 4.—Don Moreland, who pleaded guilty to manslaughter for murdering Elsie Henthorn, a 14-year-old school girl of near Pataskala, was sentenced to 12 years in the penitentiary.

Head Crushed by Rock.

Akron, O., Jan. 4. — Lyle Gilbert, 40, was killed when a stone which had been thrown in the air in blasting for the Canton-Youngstown railroad fell on his head.

Leander's Feat.

Stories of the ancients who performed prodigious feats pale into insignificance compared with modern accomplishments—for example, the story of Leander, who swam the Hellespont with the praiseworthy object of passing an hour in the presence of his sweetheart. Now, the body of water known in ancient times as the Hellespont is in these days called the strait of Dardanelles, and the distance across is rather less than a mile. Compared with such a swim as that of Captain Webb, who first swam across the strait of Dover, a distance of twenty one miles, Leander's performance seems not only credible, but insignificant.

Denies Telling Gompers

Bookwalter, However, Admits He Suspected Iron Workers

Indianapolis, Jan. 4.—The fact that Detective William J. Burns is investigating the action of Former Mayor Charles A. Bookwalter in connection with the destruction of four buildings in this city with dynamite, brought out a story to the effect that Bookwalter told Samuel Gompers soon after the explosions occurred that the iron workers were guilty of the outrages. Bookwalter did not deny, when the story was told to him, that he knew or suspected the iron workers of causing the local explosions, and he says that he told a number of labor leaders of his knowledge, but he did not speak to Gompers on the subject.

NEWCOMERSTOWN

Newcomerstown, Jan. 4. — Mrs. Henry Wolfe of this city, is possibly the first person from this locality to receive a wireless message from across the sea. It was a Christmas message from her niece, the wife of U. S. Government Agent, James Judge, who with her husband is located on St. Paul Island, in the Behring sea. For some years past it has been the duty of Mr. Judge to watch and report to the U. S. Government any poaching by either foreign or domestic craft on Uncle Sam's seal fisheries on the far away Allutian Islands.

For many years they have been shut off from the world for the half of each year. The last vessel to touch this portion of the world reaches St. Paul Island on October. None others reach the island until the following May.

But Uncle Sam has changed all that. He has recently established a wireless station on ——— island, and now in magic air waves the shutins send messages across the big sea to Cordova, Alaska, at which point they are repeated by wire to every part of America. The following is the text of Mrs. Judge's Christmas greeting:

St. Paul, Behring Sea,
Dec. 11, 1911.

Dear Aunt Mary:—With wireless at our service, distance makes no difference these days. So here goes best wishes for a Merry Xmas and a Happy New Year to you and yours flying through the air. All well.

HATTIE SULTZER JUDGE.

Mrs. H. Schwenk, Waterville, O., writes: "I had eczema on my face over four years, tried half a dozen doctors but never found any cure; three months' use of Hollister's Rocky Mountain Tea has done me more good than all doctors' medicines. 25c.

The Snail's Horns.

A snail's manner of withdrawing his horns is very interesting. He does not pull them back bodily into their receptacles, but turns them inside out, just as one sometimes turns the fingers of a tight glove.

FIRM FOUNDATION

Nothing Can Undermine It in Coshocton.

People are sometimes slow to recognize true merit, and they cannot be blamed, for so many have been humbugged in the past. The experience of hundreds of Coshocton residents, expressed publicly through newspapers and other sources, places Doan's Kidney Pills on a firm foundation here.

Mrs. Thomas Guinther, 122 Walnut street, Coshocton, Ohio, says: "A member of my family had kidney disease. This person did not know what was the cause of his ill health. When he was examined by a doctor of a lodge, which he wished to enter, he said that he could not pass him because his kidneys were affected. Doan's Kidney Pills were highly recommended, and a box was procured at Siegrist & Williams' drug store. By the time he had taken the contents his condition was improved and the use of four boxes cured him. He is now free from kidney disease.

The above statement was given Aug. 27, 1906, and when Mrs. Guinther was interviewed on Nov. 2, 1911, she said: "Doan's Kidney Pills do all that is claimed for them. I am glad to confirm the public statement given in 1906 recommending them."

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy, and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome, and by asking almost any first-class druggist for Wyeth's Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

Get a bottle from your druggist today. Use it and see for yourself how quickly dandruff goes and gray hairs vanish.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Siegrist & Williams.

After the installation a smoker was held. The new officers of the lodge responded to toasts.

Two Banks Burned.

Marquette, Mich., Jan. 4.—Fire, believed to be of an incendiary origin, destroyed the Miners' National bank at Ishpeming and Negaunee State bank at Negaunee. The fires broke out simultaneously in the two banks, which are three miles apart. The aggregate property loss will be about $250,000.

LOOKS LIKE OPEN FIELD

Taft, Roosevelt and Hughes All Now In The Running.

Washington, Jan. 4.—"Nothing but death can keep me out of the fight now," remarked President Taft to friends with whom he was discussing his immediate future in presidential politics. He added that he had no objection to this statement being made public. The president, it may be said, was not goaded into making this statement. He was in good humor and was just as kindly and pleasant as usual, but he evidently felt that in view of recent rumors and statements, especially in view of Governor Osborn's suggestion that he should retire and not seek a renomination, the time had come when his exact position should be made known to the public.

Colonel Roosevelt's position was also made known by personal friends in this city, who declared that he is in the fight for the presidential nomination and added that they personally waited on Colonel Roosevelt several months ago for the purpose of ascertaining his wishes in the matter. They state that they then declared to Roosevelt that in their opinion Taft could not be reelected if renominated. They went over the ground with Roosevelt, remarking that the president's reciprocity measure had been very injurious to the Republican party, especially among the farmers in the states, from Maine to California, on the Canadian border.

Told to Go Ahead.

These friends of Colonel Roosevelt declared further that they left the ex-president with assurances that they could go forward in their work of organization on his behalf; that he would not interfere with their work, but that they need not expect from him any positive declaration as to his own candidacy; that he would merely sit tight, using one of the ex-president's favorite expressions. So that it may now be stated that the Roosevelt movement hasn't been a haphazard one, without direction, without head or tail, but from the start has had formation and determined purpose, and morever, that the ex-president has been fully familiar with what has been going on and that he acquiesced in it and sanctioned it.

Representative Calder returned from New York city and was in earnest conversation with a number of his Republican congressional brethren in the New York delegation. Representative Calder has no hesitation in telling them that Colonel Roosevelt is a candidate for the Republican nomination for president, and added that certain business interests did not believe that President Taft could be elected.

Senator Lodge, one of the old-time friends of Roosevelt, evidently is well aware of all that has been going on. He fairly beamed on his colleagues. At intervals he even chuckled, and that is saying a great deal for Senator Lodge.

Hughes Looms Up.

It is well known that certain influential Republicans from a number of states have visited Supreme Court Justice Hughes and discussed his availability. To all his visitors Justice Hughes has made but one answer, the one so well known to the public, that he could not and would not be a candidate while President Taft was a candidate. Furthermore, it is well known in this city that several states, Vermont, to be specific as to one which indicated that, while it could not send a Taft delegation to the national convention nor a Roosevelt delegation, she could very easily send a Hughes delegation.

It is also known that Republicans prominent in the affairs of New England who have all along been especially friendly to Mr. Taft, and who are not at all friendly to Roosevelt, feel that the situation is becoming so intolerable that eventually it may be necessary to seek for a compromise candidate, and these men invariably whisper the name of Hughes.

LANGDON WILL ORATE

Is Selected as President's Mouthpiece In Ohio Campaign.

Washington, Jan. 4. — Announcement was made here that Lawrence K. Langdon, Republican floor leader in the house during the last session of the Ohio legislature, is to take the stump in Ohio for Taft. His first speech will be delivered at Akron Jan. 9 and his second at Columbus Jan. 12. Other engagements will be made at an early date, and it is understood that Langdon is to be recognized as the accredited Taft leader in Ohio. Langdon held a long conference with President Taft. He also interviewed Assistant Attorney General Fowler at length, securing material as to the administration's trust record, which he will use in speeches throughout the state.

While at the White House, Mr. Langdon gave out a brief interview, in which he declared that the opposition to Taft in Ohio will amount to nothing in the end and that Taft will have a solid delegation from his home state in the Chicago convention.

TELLS TALES ON OLD EMPLOYERS

W. D. Miles Testifies at Trial of Chicago Packers.

Chicago, Jan. 4.—W. D. Miles was the center of attraction at the trial of the 10 indicted meat packers, and when his name was called each of the defendants grippd his chair and hastily moved to the witness stand to hear what the packers' former manager was to unfold. Miles for years was general manager for the Armour Packing company at Kansas City. He has been proclaimed as the government's "star" witness. It is even hinted by the defendants' counsel that he for years has been a government investigator.

Until the moment Miles took the stand Attorney Pierce Butler of St. Paul conducted the examination of the witnesses. Miles, however, he turned over to Assistant Attorney General James Sheean.

Talked of Old Pool.

Mr. Sheean lost no time in getting down to business. He tried to lead from the witness anything he might know about papers issued from the offices of the old pool when the witness was a member of it, and at times its chairman. Mr. Miles identified many papers as those sent to him through the pool. These related to shipments of meat made by the Armour Packing company in territory A or the northeastern part of the United States. He described margins, their inception, their intent and their figures. These margins, he said, were issued so that agents of the packers throughout the east would have some price whereby they could maintain a standard on returns.

This, he declared, was not that meat shipped to the east had to be sold at a certain price, but that the whole volume of the shipment would have to turn in a certain margin of profit. He said that some meat might sell below cost as a result of age, while other meats might sell at a higher cost because of its high quality. The making of allotments to the shippers, he said, was in self-protection of their interests, so that none would overship the market and cause a material loss from spoiling.

Wife Murderer Convicted.

Urbana, O., Jan. 4. — The jury in the case against Bert Highwarden, charged with murder, returned a verdict finding him guilty of murder in the second degree. He was sentenced to life imprisonment today by Judge Middleton.

I Am Willing To Prove I Can Cure You

To That End I Am Giving Away $10,000 Worth of Medicine

In order to show beyond all doubt that I am in possession of a medicine that will cure kidney trouble, bladder trouble or rheumatism, I will this year give away ten thousand dollars' worth of this medicine, and anyone suffering from these diseases can get a box of it absolutely free. All that is necessary is to send me your address.

I don't mean that you are to use a part of it or all of it and pay me if cured. I mean that I will send you a box of this medicine absolutely free of charge, a gift from me to the Uric Acid sufferers of the world, so I can show them where and how they may be cured. I will not expect payment for this free medicine, nor would I accept it now or later if you sent it. It is free in the real meaning of the word.

For twenty-five years—a quarter of a century—I have been trying to convince the public that I have something genuine, something better than others have for the cure of stubborn, chronic rheumatism, for torturing kidney backache, for annoying calls to urinate. But it is hard to convince people—they try a few things unsuccessfully and give up all hope and refuse to listen to anyone thereafter. Happily, I am in a position now to demonstrate to sufferers at my own expense that I have a medicine that cures these diseases. I don't ask them to spend any money to find out; I don't ask them to believe me, nor even to take the word of reliable people, but all I ask is that they allow me to send them the medicine at my own cost. That is surely fair.

To this end I have set aside ten thousand dollars, which will be used to compound my medicine. Much of it is ready now to be sent out, all of it fresh and standard. There will be enough for all sufferers, though there be thousands of them. And anyone who needs it can get some of it free. But in order that I shall know that you have a disease for which this medicine is intended, I ask you to send me some of your leading symptoms. If you have any of the symptoms in the list printed here you need my medicine and if you will write me I will gladly send you a box of it free with full directions for your use. Look the symptoms over, see which symptoms you have, then write me about as follows: "Dear Dr., I notice symptoms number"—here put down the numbers, give your age, full address, and send it to me. My address is Dr. T. Frank Lynott, 5062 Occidental Bldg., Chicago, Ill.

The ten thousand dollars I am spending for the compounding of my medicine is only a part of the money I am devoting to this cause, for the package of medicine I send you will be fully prepaid at my expense. From any standpoint you view it, YOU incur no expense or obligation. Just tell others who you know are suffering who sent you the medicine that cured you.

I am promising to give away ten thousand dollars' worth of medicine, and I will do that; I am promising to send any sufferer who writes me a box of this medicine and full directions free of charge, and I will do that.

DR. T. FRANK LYNOTT
who is giving away $10,000 worth of medicine.

I can say further that this medicine has been vouched for according to law as complying in every detail with all requirements. It will stop rheumatism, it will stop pain and backache, it will stop too frequent desire to urinate; it will heal, soothe and strengthen. You will be better in every way for having taken it. There is not an ingredient that can injure; not one but will benefit. All that I ask is that you use it yourself so that you may be personally convinced.

Owing to the large number of requests, I have had ten thousand more copies of my medical book printed. This book is new and up to date and contains complete descriptions, symptoms, causes, effects and cures of kidney, bladder and rheumatic diseases. All who write for the free medicine will be sent a copy of this grand illustrated medical book—the largest ever written on these diseases for free and general distribution.

If you need medicine such as I have, if you are anxious to be cured and don't want to spend any money LOOKING for cures, write me. Read the symptoms over and let me hear from you today.

These Are the Symptoms:

1—Pain in the back.
2—Too frequent desire to urinate.
3—Burning or obstruction of urine.
4—Pain or soreness in the bladder.
5—Prostatic trouble.
6—Gas or pain in the stomach.
7—General debility, weakness, dizziness.

VADE HOMO

Leap year is another American institution that the average foreigner finds hard to fathom. Over at Steubenville, an Italian sought the protection of the mayor yesterday, saying that an American girl was hounding him and making love to him. And then a modern Solomon spake; the mayor told the unhappy man that this is leap year and that a woman has a perfect right to "chase" a man she admires this year, just the same that man has an apparent right to dog woman's foot steps the other three years. And why not indeed? This is the day of the "new" woman. She is coming to earn equally with her brothers, and quite able to support a husband and family. Many men are becoming excellent cooks and love children. To judge from some of the gay hosiery the boys wear in summer with trousers rolled high, mankind is also not averse to bright colors, and time may come when a bit of brilliant ribbon may bedeck his hair. Woman is coming into her own—and also man's. The Steubenville mayor has set a precedent that is dangerous for the once-sterner sex.

It is seolously announced that an Indian boy would like to be appointed as a page in the U. S. senate. Some of the members insist that there are a good many young Indians among the pages now.

Mr. McDonald, editor of the Toronto Globe, says "the Canadians are now sorry they rejected reciprocity." We can assure Mr. McDonald that over here the sorrow is recipocated, at least.

Dr. Woods Hutchison says four hours' work a day is enough for any man. He must believe it proper to let the women do most of the work.

THEY PLAN LIABILITY LAW

Anti-Saloon League Seeks to Protect Drunkards' Families

Columbus, O., Jan 4 — A saloonkeepers' liability law, to act similar to the employers' liability act now in force in Ohio, is being prepared by the Anti Saloon league, and will be presented to the next general assembly. The bill will provide that saloonkeepers pay adequate damages to men who are injured while intoxicated or to the family or heirs in case an intoxicated man is killed

Two propositions are under consideration. One provides that saloon men as a body shall be taxed to provide a fund from which damages shall be paid, and the other that the individual saloonkeepers shall be held responsible and be made to pay the liability claims It is probable that the former proposition will be used

HARMON IS WELL PLEASED

Board of Control Makes Fine Showing For First Quarter.

Columbus, O. Jan 4 — Governor Harmer, did not have a word to say about opposition to him in the Buckeye state, but called attention to a financial statement prepared by the state board of administration and dropped the significant remark, "An ounce of accomplishment is worth a ton of talk."

The statement shows that the board in the three months from Aug 15, when it took charge to Nov 15, reduced the expenditures for the 18 state institutions under its control by $73,918 18, as compared with the record of 1910 under the old system. The figures gave the governor much pleasure, inasmuch as it was through his efforts that the central board act was passed.

The Sailors' Psalm.

How many people—landsmen, at all events—are aware that one of the Psalms is often called the sailors' psalm? It is of course Psalm cvii, wherein occur the beautiful and familiar words, "They that go down to the sea in ships, that do business in great waters—these see the works of the Lord and his wonders in the deep." The psalm is usually read as part of the simple services which take place on Sundays on ships at sea. For that reason it is known as the sailors' psalm.—London Chronicle.

GETS A PROPOSAL THAT IS MYSTERY

Unknown Admirer Uses Original Verse As Her Medium

One Coshocton man, prominent in business circles, has been honored by having the first offer of marriage from a "leap year" girl in Coshocton. He received the proposal through the mails Thursday morning and he is puzzling his brains tired trying to guess the fair one's name but it is all in vain. The letter tinges with originality and is to the point. Here is its text:

Dear and respected sir:
I send you this your heart to stir;
It's you I've chosen first of all.
On whom to make my leap year call.

I've given you the foremost chance,
That you may freely make advance;
Your heart and hand I ask, not in jest,
And hope you'll grant my fond request.

Send me back without delay,
Your answer saying "yea" or "nay";
But if your heart does not incline,
In wedlock hand to join with mine,

Then you must leap year's laws obey,
And to me $600 pay.
Besides, kind sir, a handsome dress,
I ask no more, will take no less.

And now you may think this letter funny
But I must have either man or money.
So, kind sir, send your reply,
Let me be your wife until I die.

If you think I am a dandy,
Send me a box of Lowney's candy;
If the writer's name you guess
Send reply to her address.
A silent admirer.

P. S.
If for me there is no hope
Send me back six feet of rope.

Curious Death Custom In Fiji.

The Fijians believe that in case a marriageable youth or maiden dies without having gone through the elaborate nuptial knot tying ceremony of the islands his or her soul is doomed to wander about forever in an intermediate region between heaven and hell. When any one dies—man, woman or child—a whale's tooth is placed in the hand of the corpse, the missile to be thrown at the tree which stands as a guidepost to point out the road that leads to heaven and the one that leads to hell.

PIMPLES REMOVED QUICKLY

The Calcium Sulphide Treatment Does Wonders to Every Kind of Skin Eruption.

Trial Package Sent Free to Prove It.

You don't want to wait forever and a day to get rid of your pimples or other skin eruptions. You want to get rid of them right now. Next week you may want to go somewhere where you wouldn't like to have to take the pimples along.

"I Got Rid of My Pimples in a Few Days With Stuart's Calcium Wafers"

You can get rid of them just in time by taking Stuart's Calcium Wafers.

They contain as their main ingredient the most thorough, quick and effective blood cleanser known, calcium sulphide.

Remember this, too, that most pimple treatments reek with poison. And they are miserably slow besides.

Stuart's Calcium Wafers have not a particle of poison in them. They are free from mercury, biting drugs or venomous opiates. This is absolutely guaranteed. They cannot do any harm, but they always do good—good that you can see in the mirror before your own eyes a few days after.

Don't be any longer humiliated by having a splotchy face. Don't have strangers stare at you, or allow your friends to be ashamed of you because of your face.

Your blood makes you what you are. The men and women who force ahead are those with pure blood and pure faces.

Stuart's Calcium Wafers will make you happy because your face will be a welcome sight not only to yourself when you look into the glass, but to everybody else who knows you and talks to you.

ARE YOU AWAKE TO YOUR OPPORTUNITIES?

This Is Not An Advertisement—But An Appeal to Your "Horse Sense."

A great many people keep going on in the same old rut year in and year out and never getting any better or any wiser. There are many ways in which one can advance himself by the proper use of what education he has. If his or her education has been neglected or misapplied, even now it is not too late to begin anew. A good dictionary is one of the greatest requisites of an educated or uneducated person. No matter how much you know, no one person has reached such a heights of education and development that he knows "it all."

Many times in the work of the best of business men they will turn to one of their clerks or the bookkeeper and ask "How do you spell sound-so?" This not only annoys your clerk or bookkeeper but takes their mind from the work that they may be doing. It is embarrassing to you, even though you may not think so. If you happen to be the clerk or bookkeeper or the stenographer the opinion of you and your work is, in the mind of your employer, lessened. That is what you want to keep on the very highest pinnacle. Of course you are interested. Why not look at the "Webster" coupon on page two and see how you can help yourself.

FIGHTING BOB EVANS IS DEAD

Seized With Acute Indigestion After Luncheon—Was Idol of Navy

Washington, Jan. 4.—Following an illness of less than three hours, Rear Admiral Robley D. Evans, familiarly known to the American public as "Fighting Bob" Evans, died at his home in this city. The cause of his death was an attack of acute indigestion which came on after he had eaten his luncheon.

"Fighting Bob" Evans, to the country generally, was the hero of the new navy. It was his fortune to be on the spot in several seas when decisive action was necessary to uphold his country's dignity, and his method of standing up for the rights of Americans and the glory of the flag sent responsive thrills from the Atlantic to the Pacific. Evans was a commanding figure in big things, a history-maker, and although he was denied at the close of his long service the honor he wanted most—a vice admiralty—there was no doubt that he found some compensation in the enthusiastic regard of the people.

His last great service was piloting the battle fleet around the Horn and into the harbor of San Francisco, but 10 years previously, the ability and courage he displayed in the battle of Santiago bay, when his ship, the Iowa, played so splendid a part in the destruction of the Spanish fleet, placed Robley Dunglison Evans in the forefront of American sea fighters. In 1891, Admiral Evans, with only one gunboat to back him up in Valparaiso harbor, bristled up to the Chilean government and forced an apology for an attack on American marines. Americans weren't liked down there in those days. The Chileans overlooked few opportunities to annoy or covertly insult. A torpedo boat played around the Yorktown and insults were shouted from her deck. Boats were stolen from the American gunboat. Evans got red in the face and began to swear. He sent word to the Chilean commander that if the torpedo boat as much as scratched paint from the Yorktown's white sides that he would blow it out of the water. Moreover, if another boat was stolen, hell would smell of garlic for a considerable time to come. Evans' dauntlessness electrified his countrymen. It was a great stroke for the new navy. The entire country was at once brought into a bond of sympathy with it.

Commanded Crack Cruiser.

In 1893 Evans was made a captain, and the following year was assigned to command the crack cruiser New York. The ill feeling between the United States and Spain was coming slowly to a head. Evans didn't approve of the government's policy. He said frankly that the United States ought to show its sympathy for the Cuban insurgents. One day in 1896, when Cleveland was president and William G. McAdoo was assistant secretary of the navy, Captain Evans spoke pretty freely to them. He told the president that the battleship Indiana, which he commanded at the time, was the finest, fastest fighting machine afloat.

"If you will give me the word," he said, "I will go down to Cuba and with her alone will undertake to clean out the entire Spanish fleet." When he left Mr. McAdoo's office, he remarked in an undertone: "If they'll only give me a chance in Cuba with my battleship, no language but Spanish will be spoken in hell for the next five years."

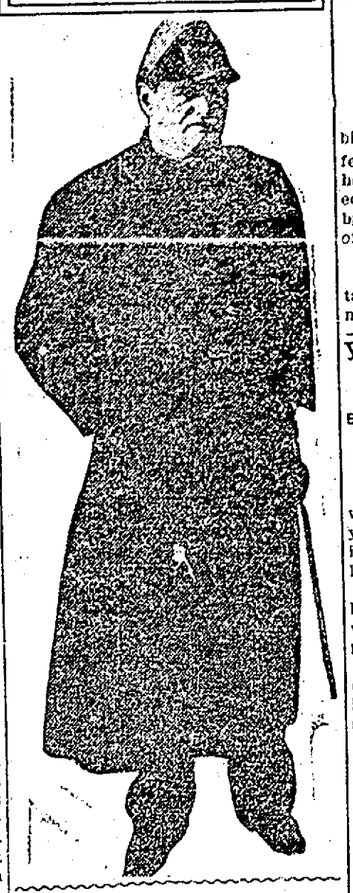

He got his chance soon. In the summer of 1898 Captain Evans and the battleship Iowa were a part of Rear Admiral Sampson's fleet that had bottled up Cervera in Santiago harbor. It was on July 3 that Cervera made his dash for freedom. When the signal, "enemy's ships coming out," was hoisted, the Iowa was on blockading station off the entrance of the harbor, three or four miles from Morro castle. There was steam in the boilers for five-knot speed. The Iowa headed for the Maria Teresa. Cervera's flagship, and gave the Spaniard a broadside at 2,500 yards. The Vizcaya came up next and Evans let go with all the metal of his starboard side. Then he tackled the Cristobal Colon, engaged two torpedo-boat destroyers with his secondary battery and kept hammering away at 2,500 yards or less at the Maria Teresa, the Vizcaya and the Oquenda. When the Vizcaya was run aground Captain Evans sent boats to rescue her crew, and received on board the Iowa the commander and her officers as well. There were no casualties on the Iowa.

Arrangements for the funeral have been placed in the hands of the navy department. Though the details have not yet been decided, it has been settled that Admiral Evans' body shall be accorded all military honors, and the burial will take place tomorrow afternoon in Arlington national cemetery. Eight pallbearers will be selected from among officers who had served under Admiral Evans and his closest friends in naval circles.

Tell it to The Age reporter.

YOUR KIDNEYS NEED CLEANING

Every Person, Healthy or Unhealthy, Ought to Give the Kidneys a Thorough Cleansing Right Now.

You clean your teeth daily. You wouldn't think of doing otherwise, and yet the teeth are not one tenth so important to health, strength and a long life as the kidneys.

Do you know that the kidneys are little strainers or fine sieves, through which every drop of blood in the body passes again and again?

And when the kidneys become clogged they are unable to strain the impure matter from the blood, and it stays in the blood and causes disease in various parts of the body. Take rheumatism, for instance, this terrible disease is caused by uric acid in the blood, and uric acid gets into the blood only when the kidneys are clogged up and are unable to properly strain the impurities.

Just go to Page & Lorenz today and get a bottle of Thompson's Barosma, the most scientific kidney, liver and bladder regulator the world has ever known, take it regularly for two weeks, and all the impure matter in your kidneys will pass out through the bladder, and your kidneys will be as pure and clean and healthy as any kidneys can be.

Thompson's Barosma is guranteed by Page & Lorenz to cure all diseases of the kidneys, liver and bladder, or money back. It is a wonderful tonic and blood purifier, and will bring the glow of health to the cheeks of the sick in a short time. 50 cents and $1.00 a bottle. All druggists.

Woman's Happiness

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

VARSITY TAKES ANOTHER GAME

High School Team Works Hard Preparing For Newark Game

The scrubs and varsity basket ball teams of the high school mixed things rather roughly when they played a practice game at Old Central hall on Wednesday evening. The varsity came out far ahead by a 41 to 26 score.

The contests are being held every night preparatory to the game with Newark Friday evening when the local team will play on the Newark floor. Newark is said to be one of the strongest teams in the state being almost on a par with Canal Dover.

The game last evening was featured by the shooting of field goals from all angles of the floor and the good team work. Donley secured the most goals for the varsity and Webner for the scrubs The teams lined up:

Varsity—41		26—Scrubs
Myser	forward	Carr
Donley	forward	Webner
Love	center	Bretzius
Ake	guard	Cohen
Moore	guard	Williams

Field goals: Donley 8, Myser 7, Moore 4, Tarney 4, Webner 3, Karr 1, Cohen 2, Bretzius 1, Trovinger 1, Love 1. Foul goals: Love 1, Karr 1, Tarney 1. Halves—20:20.

Mrs. Acorn, Portland, Ore., writes this unsolicited testimonial: "We have used your Hollister's Rocky Mountain Tea for seven years and think it the best family medicine in the world; it cured my husband of a very bad case of stomach trouble, and I feel sure I could not have raised our boy, who was very delicate, without it."
